Made in the U.S.A.

Revised 020216

Directions for Use:

- * Roll the EdemaWear stockinet up in your hands like you would a stocking before putting it on.
- * EdemaWear can be placed on a swollen or painful extremity by placing a plastic bag on the foot and pulling the EdemaWear stockinet over and above the plastic bag. Bag is then removed.
- * Remove daily and reapply.
- * To prevent EdemaWear stockinet from rolling down or up on the limb, turn over the top of EdemaWear making a 3" cuff, or turn EdemaWear inside out.
- * Cut to needed length. EdemaWear will not unravel.

Recommended Care:

- * Machine wash EdemaWear in cold water.
- * Do not use bleach.
- * Hang dry. Do not put in dryer.

Materials:

- * Medical Grade Lycra Spandex
- * Nylon
- * **NOT MADE** with Natural Rubber Latex

HCPCS:

- * A6457 when used on an open wound
